

GP CHALLENGE

Green Action at My Native Place

In Connection with World Environment Day | 2026

Green Community Challenge	Resource Conservation Challenge	Waste Action & Innovation Challenge	Environmental Awareness & Audit Challenge
<i>Act · · Grow</i>	<i>Save Water · Save Energy · Harvest Rain</i>	<i>Reduce · Reuse · Rethink</i>	<i>Educate · Audit · Advocate</i>

Students must select ANY ONE challenge and complete it during the holiday period.

Each challenge has 2–3 sub-activity options — you choose the one that suits your locality best.

After completing your challenge — Post on LinkedIn!

Tag **BIT** and **IECC** | Use #GreenActionChallenge2026 #BIT #IECC #WorldEnvironmentDay #IIC #MoE

"My Native Place – My Green Responsibility"

CHALLENGE SELECTION & STUDENT DETAILS

A. Student / Team Details

Full Name (s): MONISHA.K

Roll Number(s): 7376252AL173

Department & Year / B.TECH.AIML 1 st year
Semester: 2

Mobile Number: 9025996304

Email ID: monishak.al25@bitsathy.ac.in

B. Challenge Selection

Select ONE challenge and ONE sub-activity by ticking the boxes below:

☒	Challenge A <i>Clean & Green Community Challenge</i>	A1	Tree Plantation & Care Plant minimum 5 saplings in homes, schools, or public areas. Geo-tag each and prepare a watering plan. Min. target: Min. 5 saplings planted, geo-tagged, care plan made
☐		A2	Plastic-Free Shop Awareness Visit minimum 10 local shops, demonstrate alternatives to single-use plastics, and record commitment. Min. target: Min. 10 shops visited, commitment level noted
☐	Challenge B <i>Resource Conservation Challenge</i>	B1	Water Conservation Survey Survey minimum 15 households on water usage, leakages, and conservation practices. Provide suggestions. Min. target: Min. 15 households surveyed, leakages identified, suggestions given
☐		B2	Home Energy Saving Campaign Audit minimum 10 homes for electricity usage, recommend LEDs and standby reduction, estimate savings. Min. target: Min. 10 households audited, estimated monthly savings recorded

☐		B3	Rainwater Harvesting Awareness Survey existing rainwater harvesting practices and create awareness in minimum 10 homes. Min. target: Min. 10 homes surveyed, awareness material distributed, systems identified
☐	Challenge C	C1	Household Waste Segregation Drive

	Waste Action & Innovation Challenge		Create awareness and implement wet/dry waste segregation in minimum 10 nearby households. Survey and demonstrate. Min. target: Min. 10 households covered, adoption rate recorded
☐		C2	Waste to Wealth Creation Convert waste (plastic, paper, kitchen) into at least one useful product. Demonstrate to community and document process. Min. target: Min. 1 product created, quantity of waste used, demonstration to 5+ people
☐	Challenge D <i>Environmental Awareness & Audit Challenge</i>	D1	School / Community Awareness Session Conduct interactive environmental awareness sessions for minimum 20 school students/ public covering waste, water, plastic, or energy. Min. target: Min. 20 students/public reached, interactive session conducted, feedback collected
☐		D2	Native Place Green Audit Conduct a structured environmental audit of your locality across 5 parameters: waste, water, plastic, green cover, and cleanliness. Min. target: All 5 parameters audited, rating given, recommendations prepared

C. Activity Location & Dates

Native Place / Village : pudhupalayam
Town: kangayam

District & State: tiruppur district,tamil nadu

Planned Start Date: 29/05/2026

Planned End Date: 29/05/2026

Total Duration (days):1 day

Faculty Mentor Name: Mr.Manigandan

D. Student Declaration

I / We confirm that we have selected the above challenge and will carry it out genuinely, safely, and document it honestly for submission.

CHALLENGE A

Clean & Green Community Challenge

Act · Clean · Grow

--

SDG Alignment

SDG 11 – Sustainable Cities & Communities	SDG 15 – Life on Land	SDG 3 – Good Health & Well-Being
---	-----------------------	----------------------------------

Sub-Activity Options — Choose ANY ONE

A1	Tree Plantation & Care Plant minimum 5 saplings in homes, schools, or public areas. Geo-tag each and prepare a watering plan. Minimum target: <i>Min. 5 saplings planted, geo-tagged, care plan made</i>
A2	Plastic-Free Shop Awareness Visit minimum 10 local shops, demonstrate alternatives to single-use plastics, and record commitment. Minimum target: <i>Min. 10 shops visited, commitment level noted</i>

Challenge A — Section 1: Activity Checklist

Planning & Preparation	☒ 1. Select sub-activity (A1 / A2) and confirm with faculty mentor ☒ 2. Identify the specific location / locality for the activity ☒ 3. Arrange required materials (bags, gloves, saplings, awareness posters, bags for shops) ☒ 4. Prepare awareness material or plant labels as applicable
Execution	☒ 1. Carry out the activity safely and systematically ☒ 2. Segregate and count geo-tag saplings (A1) / record shops (A2) ☒ 3. Engage minimum community members as per sub-activity target ☒ 4. Photograph activity at regular intervals — minimum 5 clear photographs ☒ 5. Note down all quantitative outcomes (bags, saplings, shops) as you go
Documentation & Evidence	☒ 1. Geo-tagged photograph of each sapling with species name (A1) ☒ 2. Shop-wise visit record with commitment column (A2) ☒ 4. 1-2 page activity summary with numbers ☒ 5. Note SDG(s) addressed in report
LinkedIn & Submission	☒ 1. Publish LinkedIn post with minimum 5 activity photographs ☒ 2. Tag BIT and IECC in your post ☒ 3. Write a 3–5 line caption on what you did and the impact ☒ 4. Use hashtags: #GreenActionChallenge2026 #BIT #IECC #WorldEnvironmentDay #IIC #MoE

	☒ 5. Paste LinkedIn post URL in the submission form

Measurable Outcomes Achieved

Sub-activity carried out	—	☒ A1 ☐ A2
Saplings planted / Shops visited	Target 5 saplings	<i>Achieved:5 saplings</i>
Awareness materials distributed	nil	nil

Activity Report

Sub-activity chosen (A1 / A2) and name:
A1 – Tree Plantation & Care

Location (Village / Town / District):
Pudhupalayam,uthiyur post kangayam,tiruppur district

Date(s) and total duration:
29/05/2026 nearly 2 hours

Quantitative outcomes achieved:

Successfully planted 5 saplings in my native place or community area.

Nochi Plant – 1 (Vitex negundo)

- **Thuthuvalai Plant – 1 (Solanum trilobatum)**
- **Neem Plant – 1 (Azadirachta indica)**
- **Curry Leaf Plant – 1 (Murraya koenigii)**
- **Drumstick Plant – 1 (Moringa oleifera)**

Methodology – how you carried out the activity step by step:

initially, suitable locations were selected for planting the saplings. The area was cleaned properly and pits were prepared. The saplings were planted carefully and watered immediately. Regular watering and maintenance plans were also prepared to ensure healthy growth of the plants.

Challenges faced and how you overcame them:

Challenges faced and how you overcame them:

Maintaining proper watering during hot weather was slightly difficult. This challenge was managed by regularly monitoring and watering the plants daily.

SDG(s) addressed and how your activity contributes:

This activity supports:

SDG 11 – Sustainable Cities and Communities

SDG 15 – Life on Land

SDG 3 – Good Health and Well-Being

The plantation activity helps increase green cover, improve air quality, and promote environmental sustainability.

What change did your activity bring to the community?
The activity created awareness among nearby people about the importance of planting and protecting trees. It also encouraged eco-friendly practices in the locality.

Personal learning and reflection:
Through this activity, I understood the importance of environmental protection and the role of tree plantation in creating a greener and healthier future.

Declaration

I / We declare that this activity was carried out genuinely, all data is accurate, and the LinkedIn post has been published with BIT and IECC tagged.
